

Geography Term 1: Weather & Seasons

Our Learning Journey:

1. Can we observe the weather?

2. What have we observed about the weather?

3. Why does the weather change?

6. Big finish – Weather Wonderland

5. What can we find out about the weather in different parts of the country?

4. What are the seasons?

Children will learn about weather and seasons. This unit has a focus on the local area, as well as looking at the wider perspective of the UK. Simply looking out of the window, collecting data and thinking about what is happening around them, support making sense of a changing world. The children will observe, spot seasonal patterns and talk about changes by using weather related vocabulary.

 Our Outcome:

Vocabulary:

Climate	Forecast
Continent	Compass
Season	Map
