

Phonics

We will be looking at environmental and instrumental sounds. It is important that children are able to start to hear and make sense of the noises around them.

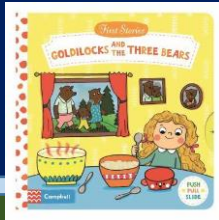

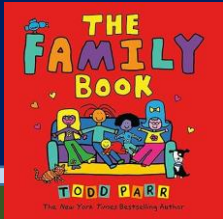

The Gruffalo Nursery Class Autumn 2023

Maths

We will be finding out what the children already know about Maths and working on their number knowledge and shapes this term.

Our Core Texts

This term we will be exploring a range of texts that use vocabulary or illustrations that represent different families set ups. As well as our traditional tale which is Goldilocks and the Three bears

EAD (Expressive art and design)

This term we will be looking at independence around accessing our own paint, scissors, glue and art materials to create pieces of art.

Our Key Learning this Autumn

It is so exciting to be at the start of the school year. We have so many exciting learning opportunities already planned this year. This term we are learning that we are 'The Gruffalo' class and what the routine and expectations are while the children are at Nursery.

Our focus will be 'All about me and my family'. The children have already been telling us about who is special to them and who lives in their house.

We will be asking for you to post on Tapestry a photo of the children with their family so we can look at them and share them with each other. We would also like a photo of the children as babies so we can look how much they have changed and grown.

PD (Physical development)

We will be learning to be independent. Thinking about putting on our own coats and wellies when we go outside. We will also be looking at safely using the nursery climbing equipment.

UW (understanding the world)

We will be thinking about what makes us special and different from each other.

How much we have grown since we were babies.
