

## Phonics

We follow the Little Wandle phonics program at Thameside. In nursery we introduce phonics to the children using fun games and singing lots of nursery rhymes.

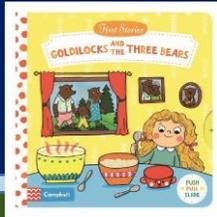

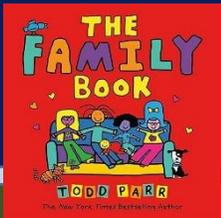

## The Gruffalo Nursery Class Autumn 2024

## Maths

At Thameside we follow the White rose Math's program. In nursery this term we will be focusing on shapes, patterns and number names.

## Our Core Texts

This term we will be exploring a range of texts that use vocabulary or illustrations that represent different families set ups. As well as our traditional tale which is Goldilocks and the three bears

## EAD (Expressive art and design)

This term we will be looking at independence around accessing our own paint, scissors, glue and art materials to create pieces of art.

## Our Key Learning this Autumn

It is so exciting to be at the start of the school year. We have so many exciting learning opportunities already planned this year. This term we are learning that we are The Gruffalo class and what the routine and expectations are while the children are at nursery.

We are going to be looking at All about me and my family. The children have already been telling us about who is special to them and who lives in their house.

We will be asking for you to post on tapestry a photo of the children with their family so we can look at them and put them on our family board in nursery.

## PD (Physical development)

We will be learning to be independent. Thinking about putting on our own coats and wellies when we go outside. We will also be looking at safely using the nursery climbing equipment.

## UW (understanding the world)

We will be thinking about what makes us special and different from each other.
